SPECTACLES AND EYE-GLASSES.

I AM NOW FULLY

SPECTACLES and EYE-GLASSES,
D. BUCHANAN,
au 11 111 east Broad street.

FASHION LOOKS AHEAD. SOMETHING FOR THE LADIES.

their first instalments of autumn and winter dress goods. Woollen stuffs of a plain color promise to remain in favor for street and walking costumes in preference to the silks, satins, and velvets that are reserved for house toilettes. The novelty in these is the introduction of boucle effects, having curled loops of the fabric woven in stripes, palms, or other figures as borders, or else covering the entire surface of the cloth; in the latter case the material resembles Astrakhan cloths, but is much lighter and less shaggy. Boucle jersey stuffs, with soft loops covering a webbed surface, are commended for basques and jackets to be worn with skirts of plain diagonal wool that are bordered with bands of the boucle stuff; these new, roughentry, and attended by violent nausea and ordering and attended by violent nausea and ordinary, and attended by violent nausea and ordinary, and attended by violent nausea and ordinary, and attended by violent nausea and ordinary. These frequent attacks straitly appaired the general health, and more escalarly the nervous system. In the hope of hinding relief she made several visits to the most calebrated mineral sprunse of virtual and move and the northern eities for modelled treatment. All, however, proved may alling, and these stracks continued, making their steady incoal upon ner allowed the relief she continued, and no several may alling. But these stracks continued, like the bison cloths now worn; and on the series cade nuclearization of the series continued, and these stracks continued.

Ilke the bison cloths now worn; and allow the series of plain serges, came in a dark plain order.

blue. Plomb color is most successful in monotone, showing two or three shades of one color, or else in combination with black. Arabesques, scrolls, and curved figures generally, are on these corded silks and velvets. Plush ten or eleven years.

AUTUMN MILLINERY. that is seen in all kinds of materials which was prevented by the stepfor the milliner's use is the combina- mother, who is a Catholic, tion of wool with silk goods. This last followed naturally on the success of obtained an order from Dr. Sumner uniting cotton and wool with better four days ago to take the child to Philaduring the summer, and is the legitimate result of using wool in summer guardian when she reaches the age of laces. Illustrations of this are shown in ribbons with a stripe of wool, a Stripe of plush, and a satin or faille stripe; or else open wool and says that it was at his instigation stripes like the angora laces in colors | that the child was kidnapped. have a gilt thread wrought through bonnet ribbons, while "piece goods" by the kidnapping of the child. for making the bonnet have a wool

gilt threads forming cross-bars, and this fabric is to be used for the crowa or the brim of the bonnet in combination with cloth or velvet, or, if desired, the whole bonnet will be made of it.

trimmings. TINSEL GOODS, READS, ETC.

Etincelle, or sparkling tinsel, is seen n all kinds of millinery fabrics, from the most diaphanous tulle to the hea-viest plush or wool goods. These tinsel threads are of every colored metal, copper, gold, lead, or silver, spun out to marvellous thinness, and wrapped over silk to make them durable. They are then used for most elaborate embroideries in "all-over" designs on all sorts of materials. Flower designs, are those most seen, but palms, scrolls, rug designs, cashmere patterns, and the Greek key borders are also used, both on wide "piece goods" and on the narrower ribbons and sashes. The use of gold for decoration will therefore be less than it is at present. while copper, lead, and other baser
